PUB DATE May 97  
NOTE 129p.; Title page varies.  
PUB TYPE Numerical/Quantitative Data (110) -- Reports - Descriptive (141)  
EDRS PRICE MF01/PC06 Plus Postage.  
DESCRIPTORS Community Colleges; Credit Courses; Day Students; \*Enrollment; \*Enrollment Rate; \*Enrollment Trends; Evening Students; \*Full Time Equivalency; Multicampus Districts; \*Student Characteristics; Tables (Data); Two Year College Students; Two Year Colleges  
IDENTIFIERS \*Los Angeles Community College District CA

## ABSTRACT

This report provides longitudinal data on full-time equivalent students (FTES) in the nine colleges and Instructional Television program of the Los Angeles Community College District, covering the period from 1991 to 1996. Following a glossary and description of the methodology used to calculate FTES, the report presents five sets of tables showing districtwide and individual college/program data on annual FTES by semester; annual FTES composition (i.e., noncredit, credit, Greater Avenues for Independence (GAIN), GAIN and basic skills, basic skills excluding GAIN, Amnesty, and Amnesty and basic skills students); percentage breakdowns of annual FTES by these seven categories; annual FTES by day/evening status; and annual FTES by resident/nonresident status. Selected data include the following: (1) annual FTES in the district decreased from 71,466.33 in 1991-92 to 64,896.21 in 1994-95, and then rose slightly to 66,049.93 in 1995-96; (2) in 1995-96, credit weekly student contact hours accounted for 82.93% of annual FTES, while noncredit students accounted for 1.86%, GAIN students accounted for 1.26%, and Amnesty students accounted for 0.7%; and (3) in 1995-96, 42,560.46 of the annual FTES districtwide were day students and 2,137.44 were nonresidents, the lowest number of nonresident FTES for the 5-year period studied. ## GLOSSARY

**Amnesty FTES (Full-Time Equivalent Student)** - FTES generated by students who are eligible legalized aliens or have applied for Amnesty.

**Basic Skills FTES (Full-Time Equivalent Student)** - FTES generated from courses in reading, writing, computation, and English as a Second Language which are designated as nondegree credit courses. Non-credit courses in reading, writing, computation, English as a Second Language, tutoring and adult continuing education also generate Basic Skills FTES.

**Census Date** – For credit courses scheduled coterminously with the primary term, the census date is Monday of census week, the fourth week of the semester. If the census date falls on a holiday, the next succeeding instructional day is designated as the census date.

**Census Day for DSCH Classes** (see Daily Student Contact Hours) - The census day concept is applicable only to credit courses scheduled to meet five or more times, and scheduled to meet for the same number of hours for each scheduled meeting, and not scheduled coterminously with a primary term (include independent study and work experience education courses for the purpose of identifying the census day). In daily census courses, only those days for which a course is actually scheduled to meet are counted for attendance purposes (excludes holidays and includes the day of the final examination if one is scheduled).

These courses may be scheduled at any time of the college year. All summer or other intersession courses of five or more days in length are also included in this category.

Census for these courses is taken on the scheduled day of the course that is nearest one-fifth (0.2) of the number of days for which each course is scheduled to meet. The attendance is to include students actively enrolled as of the last day of business in the course prior to census day. In contrast to weekly census procedure courses that limit the census to be no earlier than the third week, census days for daily census procedure courses are not subject to the third day limitation.

**Census Week** – The week (for weekly student contact hour procedure classes) nearest to one-fifth (0.2) of the number of

weeks in the primary term and applies only to credit courses scheduled regularly with respect to the number of hours the course meets in each scheduled week, and scheduled coterminously with the district's primary term. The census week in the Los Angeles Community College District is identified as the fourth week of the semester.

**Cooperative and Work Experience Education (WE)** - A district-initiated and district-controlled program of education aimed at integrating classroom study with planned supervised work experience. One student contact hour shall be counted for each unit of credit for which the student is enrolled as of the census week for regular semester classes and as of the census day for short term classes.

**Credit FTES (Full-Time Equivalent Student)** - FTES generated from credit courses. One credit hour of community college work is approximately three hours of recitation, study, or laboratory work per week throughout a term of 16 weeks. Where a term is more or less than 16 weeks, more or less than one credit hour shall be allowed in the same ratio that the length of the term is for 16 weeks.

**Daily Student Contact Hours (DSCH)** - DSCH means the number of class hours each course is regularly scheduled to meet on each day multiplied by the number of students actively enrolled in the course. The number of class hours must be the same for each day for a class to be considered DSCH. **Note: In this publication, DSCH - FTES refers to FTES generated by the DSCH class type.**

**Day FTES (Full-Time Equivalent Student)** - FTES generated from classes scheduled to begin before 4:30 p.m.

**Evening FTES (Full-Time Equivalent Student)** - FTES generated from classes scheduled to begin at or later than 4:30 p.m.

**Full-Time Equivalent Student (FTES)** - The measure of full-time attendance used to calculate state reimbursement since June 1991. It is based on a figure of 525 class contact hours per full-time student over the academic year, in credit and/or noncredit courses.

**Greater Avenues for Independence Full-Time Equivalent Student (GAIN FTES)** - FTES generated by Aid to Families with Dependent Children (AFDC). Participants with valid county GAIN contracts for educational services in the community colleges.

**Independent Study (IS)** - A mode of instruction which does not require the immediate presence of the assigned faculty member but prescribes certain objectives and other requirements that the student should meet. One student contact hour shall be counted for each unit of credit for which the student is enrolled as to the census week for regular semester classes and as of the census day for short term classes.

**Instructional Television (ITV) Program** - A program consisting of a variety of transferable undergraduate level college credit courses presented via television. One student contact hour is counted for each unit of credit for which the student is enrolled as of census week.

**Non-Credit FTES** - FTES generated from non-credit courses, generally adult education and tutoring courses, based upon the count of students present at each course meeting.

**Non-Resident FTES** - FTES generated by students who do not have legal residence for more than one year in the State of California immediately preceding the residence determination date.

**Positive Attendance FTES** - FTES computed based on an actual count of enrolled students present at each class meeting. The positive attendance hours procedure applies to short term credit classes scheduled to meet fewer than five days, to irregularly scheduled credit classes, to open entry/open exist classes, to apprenticeship classes, to in-service training classes in the areas of police, fire, corrections, and other criminal justice system occupations and to non-credit and tutoring classes. Positive attendance is also known as "actual hours of attendance."

**Resident FTES** - FTES generated by students who have legal residence for more than one year immediately preceding the residence determination date in the State of California.

**Weekly Student Contact Hours (WSCH)** - The number of class hours each credit course is regularly scheduled to meet during a week multiplied by the number of students actively enrolled in the course as of the census day. **Note: In this publication, WSCH - FTES refers to FTES generated by the WSCH class type.**

## FTES COMPUTATION

### 1. Weekly Student Contact Hours (WSCH) - T5 58003.1(b) and T5 58782

Report student contact hours of enrollment in credit courses scheduled regularly with respect to the number of days of the week and the number of hours the course meets on each scheduled day (meaning, any course scheduled to meet the same number of hours each week) and scheduled coterminously with the primary term (meaning fall and spring; summer is not a primary term). Monday of census week (4th week) is the census date for all such courses.

FTES Calculation: Multiply the weekly student contact hours of active enrollment as of the eve of the 4th Monday by the term length multiplier and divide by 525. The maximum multiplier for attendance accounting purposes for semester length terms shall be 17.5.

$$\text{FTES} = \frac{\text{Contact Hours} \times \text{Number of meetings} \times \text{Number of Active Students} \times 17.5}{\text{per meeting} \quad \text{per week} \quad \text{as of the eve of census} \quad (\text{TLM})}$$

525

### 2. Daily Census Course Hours (DSCH) - T5 58003.1(c) and T5 58782

Report student contact hours of enrollment as of the eve of the census day (census day is 1/5 of the actual class meeting days, excluding holidays) in each credit course scheduled to meet five or more days and scheduled regularly with respect to the number of hours the course meets on each scheduled day, but not scheduled coterminously with the primary term (meaning fall and spring) or scheduled during the summer or other intersessions. Hours are multiplied by the number of days each course is scheduled to meet (do not count holidays) and divided by 525.

FTES Calculation: Multiply the hours per class meeting by the number of actual meeting days and number of students active as of the eve of census day; then divide by 525.

$$\text{FTES} = \frac{\text{Contact Hours} \times \text{Total Actual} \times \text{Number of Active Students} \times 17.5}{\text{per meeting} \quad \text{per week} \quad \text{as of the eve of census} \quad (\text{TLM})}$$

525

**3. Positive Attendance Hours - T5 58003.1(d) and T5 58782**

Report actual student contact hours of attendance for credit courses scheduled to meet for fewer than five days, and all credit courses scheduled irregularly with respect to the number of days of the week and the number of hours the course meets on the scheduled day.

FTES Calculation: Divide the total hours of attendance by 525.

$$\text{FTES} = \frac{\text{Actual Attendance Hours}}{525}$$

**4. Non-Credit Class Hours - T5 58003.1(e)**

All non-credit courses use the positive attendance procedure.

# REPRODUCTION RELEASE

(Specific Document)

## I. DOCUMENT IDENTIFICATION:

Title: Full-time Equivalent Student (FTES) Data Abstract  
1991 - 1996

Author(s): Dr. May K. Chen

Corporate Source:  
Los Angeles Community College District

Publication Date:  
May 1997

## II. REPRODUCTION RELEASE:

In order to disseminate as widely as possible timely and significant materials of interest to the educational community, documents announced in the monthly abstract journal of the ERIC system, *Resources in Education* (RIE), are usually made available to users in microfiche, reproduced paper copy, and electronic/optical media, and sold through the ERIC Document Reproduction Service (EDRS) or other ERIC vendors. Credit is given to the source of each document, and, if reproduction release is granted, one of the following notices is affixed to the document.

If permission is granted to reproduce and disseminate the identified document, please CHECK ONE of the following two options and sign at the bottom of the page.

The sample sticker shown below will be  
affixed to all Level 1 documents

PERMISSION TO REPRODUCE AND  
DISSEMINATE THIS MATERIAL  
HAS BEEN GRANTED BY

\_\_\_\_\_  
Sample  
\_\_\_\_\_

TO THE EDUCATIONAL RESOURCES  
INFORMATION CENTER (ERIC)

Level 1

The sample sticker shown below will be  
affixed to all Level 2 documents

PERMISSION TO REPRODUCE AND  
DISSEMINATE THIS  
MATERIAL IN OTHER THAN PAPER  
COPY HAS BEEN GRANTED BY

\_\_\_\_\_  
Sample  
\_\_\_\_\_

TO THE EDUCATIONAL RESOURCES  
INFORMATION CENTER (ERIC)

Level 2

Check here  
For Level 1 Release:  
Permitting reproduction in  
microfiche (4" x 6" film) or  
other ERIC archival media  
(e.g., electronic or optical)  
and paper copy.

Check here  
For Level 2 Release:  
Permitting reproduction in  
microfiche (4" x 6" film) or  
other ERIC archival media  
(e.g., electronic or optical),  
but not in paper copy.

Documents will be processed as indicated provided reproduction quality permits. If permission to reproduce is granted, but neither box is checked, documents will be processed at Level 1.

"I hereby grant to the Educational Resources Information Center (ERIC) nonexclusive permission to reproduce and disseminate this document as indicated above. Reproduction from the ERIC microfiche or electronic/optical media by persons other than ERIC employees and its system contractors requires permission from the copyright holder. Exception is made for non-profit reproduction by libraries and other service agencies to satisfy information needs of educators in response to discrete inquiries."

### III. DOCUMENT AVAILABILITY INFORMATION (FROM NON-ERIC SOURCE):

If permission to reproduce is not granted to ERIC, or, if you wish ERIC to cite the availability of the document from another source, please provide the following information regarding the availability of the document. (ERIC will not announce a document unless it is publicly available, and a dependable source can be specified. Contributors should also be aware that ERIC selection criteria are significantly more stringent for documents that cannot be made available through EDRS.)

Publisher/Distributor:
